The award was presented to GM Accounting partner Glenis Gassmann to recognise GM Accounting's outstanding achievement in helping 10X provide high-quality business development and coaching services to businesses across Australia and New Zealand.

The nominees comprised Australia's leading accounting firms that offer Business Development services to small businesses in partnership with national Business Development franchise, 10X.

GM Accounting partner Glenis Gassmann said it was an honour to receive the award, with many top businesses in the running.

"This award shows that our Logan clients have access to some of the best business development resources and support in the country," Ms Gassmann said.
