

# Seminar to unlock key to success

By ALLIRA PREECE

**BUSINESS** owners are encouraged to attend Australia's first X-Factor business seminar and workshop at Logan Metro Indoor Sports Centre on August 2.

The free event aims to provide information to assist businesses to improve future profitability.

"Unlocking the X Factor in your business" is the first seminar of its kind to be held in Australia and will feature an appearance by one of Australia's premier business coaches, Dean Marinac.

10X Brisbane Logan and GM Accounting have been working together for some time now to assist Logan's businesses.

Partner Glenis Gassman said information shared on the night will give business owners the potential to turn their businesses around for the better.

"The tools and insights shared will provide practical strategies for every busi-

ness that attends," Ms Gassman said.

"Most attendees will walk away with a new-found passion and commitment to their business, and are inspired to discover practical ways to positively transform the results they've been achieving."
