

2020 Vision Statements

WHEN posed with the question, what will Geraldton be like in 2020 the reaction from Chamber members was extremely positive. Here we share some of their insights with opportunity being a common theme.

Gail Henry
Team Champion,
stepUP Geraldton

Geraldton 2020 - a city with a 'pay it forward' attitude!

We'll be able to look back on our career and life and remember that at some point in time, someone gave you the opportunity to step up or gave you a hand when you needed it most. Someone believed in you or you were mentored to be where you are today, or maybe even, someone stood up for you when other's didn't.

In 2020 we'll be a community that encourages youth to dream and be passionate about their goals. We will work together to educate, inspire and motivate them to achieve greatness.
