

# First year cleared

THE first year of operation for any business is often a time of trial and tribulation, but 10X Brisbane Logan has risen above it all.

The business provides coaching and mentoring services to other Logan businesses to improve all aspects of performance.

The branch won 10X's national Client Results Award 2009 in May this year and is now a finalist in the 2009 *Albert & Logan News* Business Achiever Awards' new business of the year category.

Partner Glenis Gassmann said the company was surprised, excited and delighted.

"It was wonderful to see the efforts of our team rewarded through positive feedback in the Logan community," she said.

"We truly appreciate the uniqueness of this award and wish all other Quest finalists every success."

Ms Gassmann thanked the dedication of her clients and affiliates who supported 10X Brisbane Logan through the nomination process.

"By building better local businesses we aim and strive to build a better

■ Business acumen . . . proprietor Glenis Gassman and marketing coordinator Salome van Herp.

Logan business community not only in the past year but also in years to come," she said.
