

Becoming a mum changes your life

Chartered Accountant Tina Zawila returned to Sothertons as Client Manager in 1999, before moving into the role of Business Manager four years ago. Working with a great team and some fantastic clients, Tina really enjoys being part of a business that aims to assist people in achieving their goals in business and in life. Tina is inspired by her business partner Judy Reynolds' vision and passion for the business and commitment to her clients, as well as her generous, positive nature and resolve to achieve a healthy work/life balance. Relaxation is family time, reading a good book, (she's hooked on the "Twilight" books), and waterskiing, tubing or jetskiing on the dam on weekends. Tina views her daughters as her greatest achievement. Becoming a Mum changes your life completely and forever in the most wonderful way.
